Course Sequence for **Computer Science Majors** to Fulfill Cyber Defense Requirements

**Key**
- Required CS Course with CD content
- Required Elective with CD content
- Required for CS major

1. **Intro to Object-Oriented Programming**
2. **Object-Oriented Programming & Data Abstraction**
3. **Data Structures & Algorithms**
4. **Computer Lab Techniques**
5. **Computer Organization**
6. **Probability and Statistics for CS**
7. **Operating Systems**
8. **Data Communication and Networking**
9. **Cyber Security**
10. **Network Security**
11. **Foundations of Computer Science**
12. **Design & Analysis of Algorithms**
13. **Discrete Structures**
14. **Computers and Society**
15. **Database Systems**
